EDUCATING FOR BROADER VISION

Most of us have an instinctive desire for a full life. But the fullness and joy of a life depend not on the one dimension, length, but on the product of length times breadth times depth. And it is in truly liberal education that we can add the vital factors of breadth through the emphasis on the humanities and the sciences, and of depth, through the emphasis on religion.

COMING IN EARLY 1959

WHAT LUTHER SAYS

An Anthology by Ewald M. Plass

To know what Luther said (and he expressed himself on practically every important subject, religious and secular), is a liberal education in itself.

What Luther Says, scheduled to be published in a handsome 3-volume set in early 1959, will bring to you for the first time in English — a collection of Luther's actual statements, not what somebody said he said. It's an anthology of more than 5,100 quotations on 200 subjects, arranged and annotated.

The Canadian Staff

THE CANADIAN STAFF—The Canadian Staff spent numerous hours in the solitude of Hyde Park, or other places of retreat, amid the toil and sweat of producing this annual. Tables and desks were cluttered with sheets, pictures and papers during working time. The clattering of typewriters pushed all near the brink of insanity, but through the noise and din the staff came through with only minor breakdowns.

Now it's here, the 1958 Canadian. The Staff wishes to thank all who contributed of their time and talents and we hope you enjoy this chapter in the Canadian Story.

Administration

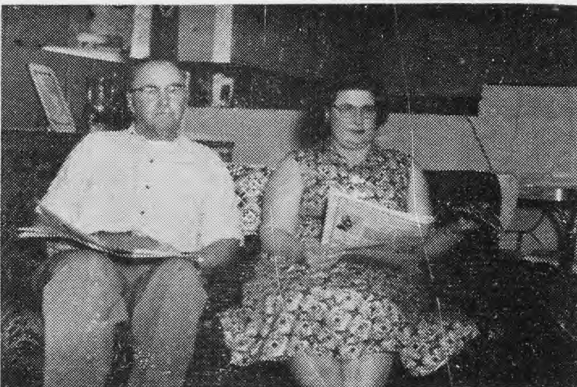

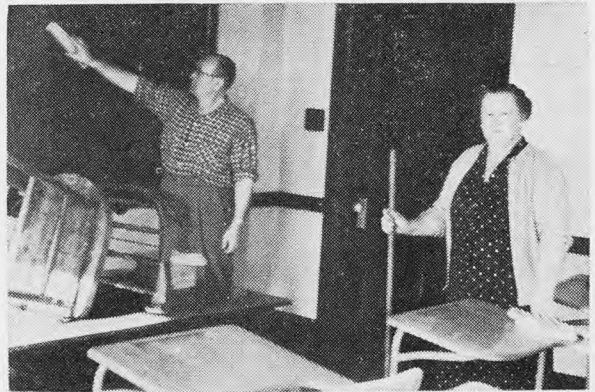

OFFICE SECRETARY—Anna Behrends is the warm-hearted and efficient secretary on our campus. This is Anna's sixth year on the staff at Concordia. During that time she has aided Professors, Pastors, and students as banker, stenographer, printer, and medium to the President. She is also organist and Sunday School Teacher at Gethsemane Lutheran Church. Who could ask for a better secretary?

DINING HALL—Pictured to the right are Mr. and Mrs. Fuhr who are more commonly known as Ma and Cap. They are the people responsible for the delicious, tantalizing meals which we daily receive. When you are in the dumps, go to Ma and Cap. They will both cheer you up and fill you up. They deserve much thanks and appreciation for the way in which they so joyfully supplied us with our bodily needs.

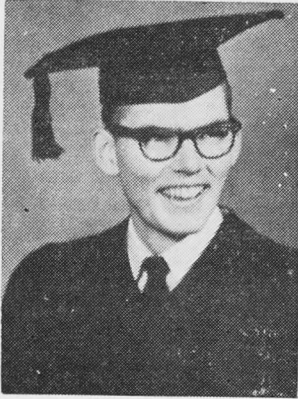

MAINTENANCE STAFF—A lot of dirt can pile up in an institution of this size. To keep our College clean and in good order, we have the very able and willing services of Mr. and Mrs. Fred Bogner. Sweeping, washing, and dusting are only a few of their duties. Mr. Bogner is a jack-of-all-trades; an electrician, plumber, and carpenter. During the winter he also assists the boys in repairing hockey sticks; a job greatly appreciated by the hockey players.

MR. AND MRS. MAXWELL—Two other valuable members of our campus family are Mr. and Mrs. Maxwell. As "house mother" for the girls, Mrs. Maxwell has done a splendid job. Thirty-some girls can be quite a bother but she always is able to be the "mother, nurse, and friend" to them all. Mr. Maxwell is on the Maintenance Staff along with Mr. Bogner. Besides looking after the gym, he does a great deal of repair work on the buildings and the grounds.

____ACTIVITIES____

STUDENTS' COUNCIL—This was the body which so capably handled the administration of student affairs this year. Seated: Doreen Huber, Larry Brotherton, Marjorie Haberstock, Bill Sandau, Pres. Wangerin (Faculty Advisor). Standing: Theo Reiner, Alex Dudiak, Bob Liske, Glen Zorn, Howard Carlson, Ron Sauer, Bill Beamer, Dale Mohr (Chairman).

Students' Council

In reviewing the past year, we find that the phases and aspects of all types of government are very similar. The important thing being that the people (students) have a dependable representation in the actual making of ordinances, and a body adapt in handling student affairs. If this has not been a year of high achievement, we know that it has been a year of conscientious and diligent effort.

It is not the thought at this time, however, to enumerate student government activities, nor to list the things done or left undone. But rather to say, that we have borne in mind our duty to serve in the best interests of the student body. Thank you for this privilege. We hope that our efforts have been satisfactory and fruitful, and we further trust that this type of government remain a mark of high value to all.

To the graduates and to those who follow after, we offer our humble advice — be worthy of the profession to which you are called, and a credit to this institution of which you are a part. Above all bear in mind our motto, "The fear of the Lord is the beginning of wisdom." This is our parting wish and may the blessings of God be richly endowed upon you.

THE BASKETBALL SEASON—This year Concordia fans cheered for three teams and although no team managed to reach the play-offs, they fought hard and displayed fine sportsmanship and spirit.

The College squad, although outclassed in both age and height by other teams in their league, really gave the fans some thrills, especially in their victory over the then unbeaten league leaders.

The Senior squad, playing in the Edmonton Regional League, made several road trips and displayed fine ability. Laverne Wendell highlighted the Senior hoopsters with countless outstanding performances.

The Junior team made the best showing in the win-loss picture, winning over half of their games played. These up and coming hoopsters were expertly coached by Jim Willox.

THE HOCKEY SEASON —

This season, although short, was more successful than previous years. Up against such competitors as St. Anthonys, St. Leon, and other teams, the Clippers put up a hard fought battle in every game. Harry Schmidt was chosen coach with Orv Biberdorf and Bert Risto to assist him. The team was put into excellent shape by Coach Beck, Harry Schimdt, and Dennis Johanson. Garry Hajek was top scorer and Elmer Schaefer did a spectacular job as goal tender. The team finished fourth in the regular league standings.

The Junior squad did not get the chance to prove their ability because they played so few games. Don Arndt was the able manager for the '58 hockey season.

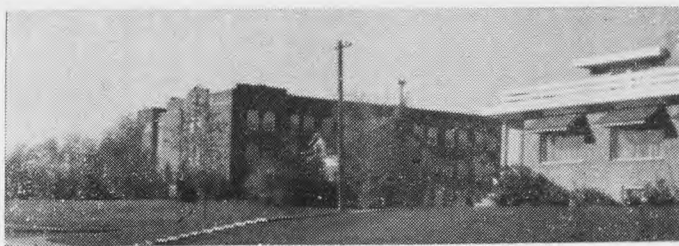

Win-loss record of the Seniors:

LEARN TO BE A LEADER THROUGH R.O.T.P.

Young Canadians, graduating from High School this year, have a wonderful opportunity to go on to exciting careers in the Navy, Army or Air Force. Through the Regular Officer Training Plan (ROTP) qualified applicants can obtain a college education, military training, and ultimately the Queen's Commission... all under the sponsorship of the Department of National Defence.

On acceptance, applicants become Officer Cadets and attend one of the three Services Colleges... Royal Military College, Royal Roads, Collège Militaire Royal de Saint-Jean... or a designated Canadian University. During the summer they train with their chosen Service.

Officer Cadets receive ROTP rates of pay throughout their training. At the Services Colleges, quarters, food and all necessary equipment are provided. Cadets at Universities receive allowances for food and lodging, tuition, books and instruments.

For full information write to:

To be eligible: applicants must have Senior Matriculation or equivalent. In addition, a number of Junior Matriculants will be accepted at Collège Militaire Royal de Saint-Jean and certain universities. Age limits for Junior Matriculants are 16 to 20, for all others 16 to 21 on 1st January of year of entrance. Applicants must be single, physically fit and able to meet officer selection standards.

ll through the U.S. and Canada, the Aid Association for Lutherans serves members of the Missouri, Wisconsin, Norwegian, Slovak, and National (Finnish) Synods. Faithful service to certificate holders since 1902, has contributed to making the A.A.L. the largest fraternal life insurance organization in America.

nnually, A.A.L. benevolence funds serve the Lutheran Church. Annual grants to Lutheran charitable agencies, scholarships at Lutheran schools, church building loans are provided. Special projects are supported, such as a recent five-year grant of \$75,000 for church research work.

ife insurance certificates meet each financial need. Aid Association for Lutherans protects your family financially if you die, gives you these same dollars, plus interest, for retirement funds if you live. In life, at death, the A.A.L. protects over half a million members and their beneficiaries.
